

# *Whistling Winds Angus*

— *We Believe the Mother Cow Matters* —

*20th Annual Production Sale*

**MONDAY, MARCH 16, 2026**

1PM MST AT THE RANCH

Offering **60** registered yearling Whistling Winds Angus bulls as well as **50** top-end replacement heifers from long-time customers, Colin and Julie Lybeck.

## *Dear Cattlemen and Friends,*

Thank you for your continued confidence in Whistling Winds Angus. We truly appreciate your support and the relationships we've built.

At Whistling Winds Angus, quality is never accidental. Our cattle go through an intense selection process focused on fertility, structure, disposition, longevity, and performance. Only the very best earn a place in our program. We study EPDs carefully, but we never overlook phenotype, functionality, and real-world performance. We take on a balanced EPD approach never chasing extremes. Our goal is to produce cattle that work — not just on paper, but in pastures, on grass, and in the highs and lows of real ranch conditions.

Above all, **We Believe the Mother Cow Matters.** A productive, sound, moderate-framed cow that breeds early, delivers a quality calf, and stays in the herd year after year is the foundation of a profitable operation. Everything we do begins with building better cows — because strong cow families create dependable bulls and females that deliver value long after sale day.

We're excited to welcome long-time customers Colin and Julie Lybeck to the sale with an outstanding set of replacement heifers. Their confidence in our program means a great deal to us, and they went one step further by giving us full access to their entire heifer offering — allowing us to sort off the very top end. These heifers represent the very best of their program: elite phenotype and strong maternal build. You won't want to miss this exceptional offering straight from the core of a proven herd.

We invite you to study this offering and come see the cattle in person. We look forward to visiting with you, earning your business, and are honored to be a part of your breeding program.

*David & Katie Sattoriva*

# Welcome to SALE DAY!

20th Annual Production Sale

## MONDAY, MARCH 16, 2026

1pm at the Ranch • Hingham, MT  
14504 Road 6 North

SALE DAY PHONE - 406-390-1471

SALE LOCATION - At the Ranch, 14504 Road 6 North • Hingham, MT 59528

AUCTIONEER - Kyle Shobe ..... 406-366-0472

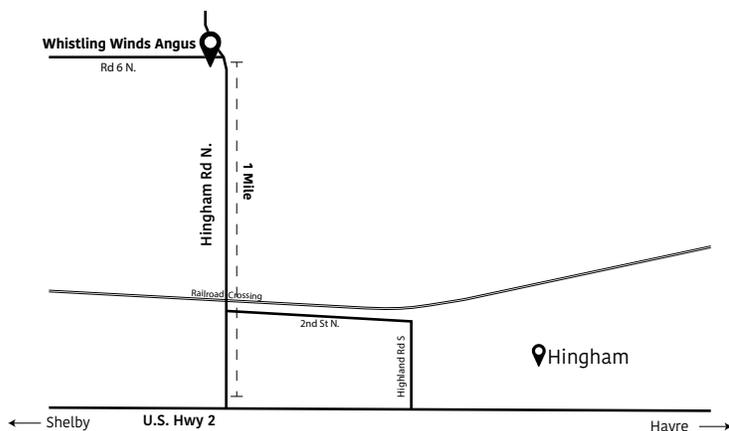

### REPRESENTATIVES

Kurt Kangas, American Angus Assoc..... 406-366-4190  
Kevin Murnin, Western Livestock Journal ..... 406-853-4638  
Matt Wznick, Western Ag Reporter..... 406-489-2414

LUNCH - Complimentary beef lunch served at 11:30 am. Please join us for lunch and look over the bulls on sale morning.

INSPECTION OF CATTLE - All cattle will be available for inspection at the ranch in Hingham, MT.

ONLINE BIDDING - The sale will be broadcast live on Frontier Live Sale. To view and bid on sale day, create an account at [www.frontierlivesale.com](http://www.frontierlivesale.com) prior to sale day. See pg 27 for more info. Call 866-313-0123 for tech help.

**SIGHT UNSEEN PURCHASE GUARANTEE** - Buyers unable to attend the sale may call any time. Let us know your bull needs and your budget range. We'll bid on and purchase the best cattle possible for your specifications. We'll let you know of cattle purchased following the sale and make payment arrangements with you. If you aren't satisfied upon delivery, you don't own the bull(s).

**HEALTH & PERFORMANCE** - All bulls sell with complete breeding soundness exam, including scrotal measurements, palpation and semen evaluation by Dr. Brock Aiton, Aiton Veterinary Service. All bulls have been tested negative for BVD. They have received Fusogard, BoviShield Gold FP5 VL5 and pour on.

**BULL DEVELOPMENT** - The bulls were developed on a high roughage ration at a 3 pound ADG to insure soundness.

**GENOMIC ENHANCED EPDS** - All of the bulls in the sale offering have had HD50K DNA testing to increase EPD accuracies and predictability. The test is a tool to enhance selection and predict genetic potential. EPDs are current as of 2/10/26. Updated EPDs at [www.angus.org](http://www.angus.org)

**RETAINED INTEREST** - Whistling Winds Angus is retaining a 1/3 revenue share interest on all bulls selling in the sale, unless otherwise announced from the block. Natural use and salvage belongs to the buyer. If we choose to collect semen from a bull that you have purchased, we will have it done at your convenience and at our expense.

**FIRST YEAR BREEDING GUARANTEE** - (Breeding season is defined as the 90 day period following the first turnout of the bulls). Please notify the breeder should an injury occur and prior to the injured bull being sold for salvage. All injured bulls must be diagnosed by a veterinarian. All bulls will be given 50% of the value of the injured bull, minus any salvage value, toward a credit or replacement bull if one is available.

**TERMS & CONDITIONS** - All cattle sell according to the standard terms and conditions of the American Angus Association.

**DELIVERY/HAULING REBATE** - Free delivery on the bulls within Montana and at cost outside of Montana. If you bring your trailer to the sale, a \$100 rebate will be returned to you after sale settlement for bulls you haul home on sale day. Heifers can be delivered at cost.

**LIABILITY** - All persons attending this sale do so at their own risk, legal or otherwise for their safety or the behavior of the animals. The owners, auction service and sale staff assume no liability for property loss or any accidents that may occur.

**ANNOUNCEMENTS** - Announcements from the block will take precedence over the catalog.

Wrangler has a dominating phenotypic presence and pedigree stacked with performance and maternal patriarchs. He is very good structured, exceptionally quiet, with a poise and presence about himself that further separates him as an elite herd bull. He has sired consistency and quality in his calf crops.

With Pathfinders stacked in the top and bottom, the maternal predictability is assured. Hondo is long bodied, level topped, sound structured and tremendously clean fronted. Hondo offers mating flexibility and is creating stout sons that are complete in their design and daughters that are feminine, and will be highly productive cows.

We sold Steakholder to Nielson Angus in our 2023 sale. We like our Growth Fund offspring; they are very good uddered. We wanted to moderate them a little and add the maternal side of Rainfall. Steakholder is more moderate, with excellent bone and very good feet.

## CONSIGNED HEIFERS

Colin and Julie Lybeck have been purchasing bulls from us since the very beginning, and it's safe to say this outstanding set of replacement heifers is backed predominantly by Whistling Winds Angus genetics.

Colin and Julie are committed to moderate-framed cattle that are efficient and productive – the kind that wean 50% of their body weight and go on to make practical, profitable cows. These March-April born heifers are currently averaging 750 pounds and are designed to mature into true 1,300-pound cows with longevity and function.

They have been fully vaccinated beginning at birth. This fall they received Bangs, Preg-Guard, and Clean-Up II pour-on, and they are on track and ready to breed this spring.

Colin and Julie have given us full access to their entire replacement pen, allowing us to sort and deliver to you a truly elite package of heifers.

**We are proud to offer them.**

72	140	-9	80	763	108	1321	108	1@108	

Great way to start the sale with the natural muscle and shape of this good Bardolier. Excellent performance. Pathfinder granddam, dam bred back AI after raising this good calf.

Lot 1 with his dam this summer

**WHAT DO THE RATIOS MEAN?**

Wean Ratio (WN RATIO): This compares the calf in relation to the rest in his contemporary group. The average is 100.

Dam Production Ratio: (DAM WN RATIO): This ratio shows how many calves that dam has had and how those calves compare to the rest of the herd at weaning (birth or yearling).

**WHAT DOES THE “#” MEAN BEHIND THE PEDIGREES?**

That animal is a Pathfinder. The Pathfinder Program in the Angus Association identifies superior Angus cows based upon recorded performance traits that are economically important to efficient beef production. To qualify for the report, a cow must have produced a calf measured through AHIR in the past 18 months.

In addition, bulls that have sired a minimum of five or more Pathfinder Cows are listed as Pathfinder Sires in this report.

*Only the best get cataloged!*

The only Brigade in the sale. Dam calved AI again this year.

Located in the Golden Triangle, our ranch also farms, growing wheat and pulse crops. The cows winter at the ranch north of Hingham and summer from Highway 2 heading north to the Canadian border, taking advantage of the few and far between summer rains.

In the summer, grasses are tough and short. Average rainfall is less than 6 inches. Even so, cows wean an *impressive amount of pounds*.

**Windy. Windy. Windy.** That is our winter, along with the cold, below freezing and frigid temperatures. Even so, cows maintain *great body condition*.

Find us on  

Follow Whistling Winds Angus for sale updates  
and ranch happenings!

We strive to make the most of everything mother nature and science has to offer. Only the finest survive our *extensive* cull checklist, so you can be sure you are buying *the best*.

Our goal is to progress our registered Angus cattle through **sustainable cows** which produce calves that perform from the *pasture to the feedlot*. Our ideal cattle program is to raise cattle of moderate size with optimal milking and fertility; a *functional cow* with a balanced set of maternal and carcass traits.

Make plans to visit the ranch and view the cattle anytime.

71	106	1	80	729	105	1182	99	5@97	

Heifer bull. Dam has raised an AI calf year after year.

**5160 Donor cow**

The reason we do embryo work is to try to multiply the superior cows in our herd. They are generally not the cows with the highest production record or cows with the highest growth EPDS. They are the cows that quietly **do their job** while maintaining very good overall structure. Meaning good feet and legs, udders, teats, attitude, mothering ability, and fertility. **All traits equally important.** 5160 is a cow we decided to flush because of all these characteristics. We wanted all heifers out of her, but we are able to offer a byproduct. She has produced multiple bulls working around Montana including one herd sire that did a great job for GDAR. She is deep bodied, modest framed, feminine fronted and a heifer bull producing son of a gun. She has a very acceptable production record with 19@101 for weaning. We are offering Dam of **Lots 46 & 54.**

This was 2129's last calf here at Whistling Winds Angus. Excellent producer all 13 years.

## We Believe the Mother Cow Matters

MILLARS

# HONDO 349

MILLARS DUKE 816 x MILLARS GOLDIE 9284 # (SAV RENOWN)

HONDO IS ONE OF THE "DUKE'S" GREATEST CREATIONS! AS THE TOP SELLER AT THE 2024 MILLAR ANGUS SALE, HONDO TIES THEIR TWO MOST PROMINENT AND PROVEN COW FAMILIES TOGETHER. WITH PATHFINDERS STACKED IN - TOP AND BOTTOM - THE MATERNAL PREDICTABILITY IS ASSURED. HONDO IS LONG BODIED, LEVEL TOPPED, SOUND STRUCTURED AND TREMENDOUSLY NEAT FRONTED. HONDO OFFERS MATING FLEXIBILITY AND IS EXPECTED TO SIRE STOUT SONS THAT ARE COMPLETE IN THEIR DESIGN AND DAUGHTERS THAT MAKE FEMININE, HIGHLY PRODUCTIVE COWS.
